ATTENTION: [REDACTED]

SUBJECT: Eligibility for "Agency-Type" Home Leave

Advice is requested as to whether we have legal authority to authorize cost of transportation to the legal place of residence and return to Washington for an employee and his dependents who has completed a foreign tour of duty and is being ordered to a departmental position. It is assumed the employee involved has served continuously at the foreign post for a two year period, and has accrued sufficient annual leave to be in a leave status for thirty calendar days.
